DETAILED ACTION

Allowable Subject Matter

Claims 32-33 are objected to as being dependent upon a rejected base claim in the previous office action and applicant has amended the independent claim 21 to include the limitation of the objected claim (claim 32). Claims 21-31 and 33-34 are allowed.

The following is an examiner's statement of reasons for allowance:

The prior art of record does not disclose or suggest either in singularly or in combination the following limitations and other elements in the claims. References Fouquet, Shigeno, and the admitted prior art do not disclose:

- A disk-shaped body with two parallel facets.
- The beam path is concentric with the disc-shaped body.

Therefore, the above references do not disclose the claimed invention of present application and claims 21-31 and 33-34 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
